

DEEP FEELING

Cardascia Alessandro

1[^] str. Walking along the trail,
I finally found you my dear
... for a long time away from you.

2[^] str. I understand that if I stay
everything will be easier ...
so, from now on I'll stand by you! O - oh

RIT. ***Ehy Love!***

Still more with me

and we will fly above the clouds. O - o - oh - oh - oh

Soon Love!

Do not leave me now,

we fly over hills and plains.

3^ str. There is an essence of autumn,
your magical voice fills the air.
In the Flower Garden your singing is free.

4^ str. A butterfly lands on you shoulder
oh the protective mother of soul.
I'm happy to be your prince and your love! O - oh

RIT. ***Ehy Love!***
Still more with me
and we will fly above the clouds. O - o - oh - oh - oh
Soon Love!
Do not leave me now,
we fly over hills and plains.

Parlato: *(My fairy: we are above everything and we will go forward together, without problems and prejudices, without worrying about the false people. Me and you, together again!)*

Woh - oh - o - oh

RIT.

Ehy Love!

Still more with me

and we will fly above the clouds. O o oh oh oh

Soon Love!

Do not leave me now,

we fly over hills and plains.
